Notes

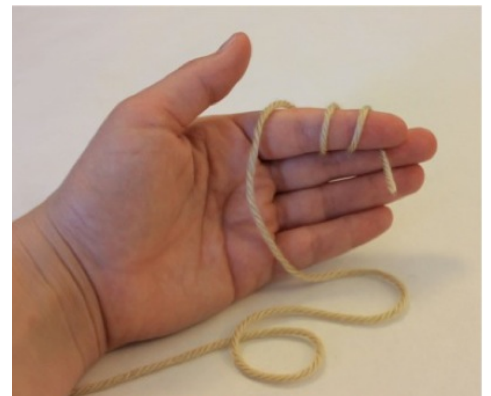

1. Make sure you read through the whole pattern before starting it to make sure you understand ☺ please feel comfortable to contact me for any questions.
2. The Heart is worked in a continuous round. I recommend placing a stitch marker on the first sc of the second round, or stringing a different color of yarn, and move it up as the work progresses so you can remember when you finished working a round.
3. We will be using the sliding loop technique aka slipknot for circle ring aka magic ring. Next you will find a quick tutorial on how it works.

Instructions For SLIDING LOOP

With the long side of the yarn in the palm of your hand, wind yarn around index finger twice.

From right to left bring hook underneath the loops on your finger and pull the yarn on the left end through the others. Yarn over and chain one. Carefully take out finger from ring, chain the no. of stitches that is asked of you.

Now for the fun part! You will see you have TWO circles and a tail of yarn hanging, what you want to do is first make sure which of the two circles moves when being pulled, then sc your stitches and then FIRST completely pull that moved circle (which makes the other circle disappear) and then PULL the tail of yarn and see how the magic is done! A perfect circle is made!

(42 sc)

Rnd 8 – Rnd 10: 1 sc in each of next 42 sc. (42 sc) Fasten off; leaving a long tail of yarn for later.

Picture 3 – Top pieces of Heart

Place the two Top pieces next to each other and with the help of st markers, mark the beginning and end of 12 sts from each piece facing each other. With remaining tail of yarn from one of the top pieces and yarn needle sew the 12 sts together so the 2 pieces of become one Top piece with 60 sc in total around. (see picture 4)

Picture 4 - Sew 12 sts from each piece together

Join color A to any sc on the Top piece (I start in the center of two joined pieces on the first sc to the left).

Rnd 1: 1 sc in each of next 60 sc, Sl st to first sc. (60 sc) Fasten off.

Picture 5 - Join and work 60 sc around

Use st markers and mark 4 joining parts to sew Top piece over Bottom piece together, but make sure to leave a gap to stuff the heart. Once you are done stuffing firmly, sew the gap closed.

Picture 6 - Use st markers to hold pieces in place

Picture 7 - After stuffing close the gap

Enjoy! 😊
